Your home is your most valuable asset and our service plan helps make sure it stays that way.

Most homeowner's insurance does not cover repairs to heating systems. That's why we have a plan that can help you avoid any unexpected costly expenses. More importantly, our plan protects your home by ensuring that any repairs are done in a timely manner. We realize that this kind of protection can also be called peace of mind.

Our Service Plan includes:

Get the services you need, when you need them.

When you call, we're there for you. This means you can get repairs done quickly before they become bigger problems. Charges apply during normal business hours, 8:00am to 4:30pm. If you request service for arrival prior to 8:00am or after 4:30pm, on a federal holiday (a day when the post office is closed) diagnostic fees will apply.

Tune-up service to help tune-up your savings!

To help you keep your energy bills low, this plan provides a tune-up at your request, once a year, at no additional cost (must be scheduled between March 15th and September 30th). Work must be performed Monday through Friday, excluding federal holidays (days when the post office is closed), and between 8:00am and 4:30pm.

Quality repairs by experienced Four Points technicians.

When you ask Four Points for help, you're accessing some of the best repair technicians around. It's their job to keep your system in top condition.

Enjoy a 15% discount on regular rates!
To help you save even more, this plan gives you a **15% discount** on our regular rates for any repair work.
